INTERNATIONAL MASTER'S DEGREE PROGRAM «EMERGENCY PREPAREDNESS AND RESPONSE»

Dear colleagues!

Peter the Great St. Petersburg Polytechnic University invites you to webinar:

International master's program «**Emergency Preparedness and Response**» for nuclear and radiological emergencies

On **March 24, 2022 at 16:00** Moscow time

Join the conference Zoom using the [link](#).

Conference ID: 818 5881 1354

Access code: 733805

The conference will be interesting to potential applicants to study at the International Master's Program "Emergency Preparedness and Response" in nuclear and radiological emergencies.

The Program was developed in collaboration with the IAEA and ROSATOM to train managers and specialists of nuclear power plants and other nuclear facilities, involved in planning, ensuring preparedness and implementing measures to protect personnel and the public in the event of an emergency.
